Objective

I hope to get the most out of an apprenticeship at Shodor and expand my knowledge of programming and computational science before I graduate.

Experience

Lorem ipsum dolor   **November 2013-June 2014**

Shodor Apprenticeship Program

Learned programming concepts in JavaScript and PHP

Learned web design using HTML5, CSS3, JavaScript, jQuery, PHP and XML

Modeling using VenSim, AgentSheets, and Excel

Learned what variables mean and designing the website.

Learned the basic about computer science at UNC computer Science camp.

Education

Phillips Middle School

Took French I and French II in 7th and 8th grade.

During the middle school year I was in math counts for 3 years and competed against all the middle school in NC.

-Won 2nd place in 2009

-Also I started swimming lessons when I was in middle school.

                                                                                             2008-2010

East Chapel Hill High school   **2011-2014**

-Swim team 3years on team and Duke Acquatic Club(Won 1st regional and 4th in the State)

-Honors Society, Spanish club, Leadership Club, Algebra I club, French Club, Movie club, Math counts

Skills

My skills include programming in C++, JavaScript, and PHP, along with knowledge in Java. I am experienced in HTML5 and CSS3, and I can use image manipulation tools such as GIMP and Inkscape. I have taken 4 years of math and science classes in high school.
